iTunes Store

The screenshot shows a web browser window with two tabs: "Sales and Trends" and "VisionHunt Color Edition for...". The address bar shows the URL: itunes.apple.com/nz/app/visionhunt-color-edition/id383311153?mt=8. The main content area features the app title "VisionHunt Color Edition" by "VI Scientific Ltd" with a "View More By This Developer" link. Below the title is the instruction "Open iTunes to buy and download apps." To the left is the app icon, a magnifying glass over a yellow circle with a crosshair. To the right is the "Description" section, which states that the app is a vision aid tool for the blind and visually impaired, using the phone's camera to detect colors, paper money, and light sources. It identifies about 30 colors and can detect 10 Euro and 10 Dollar bills. Below the description are links for "VI Scientific Ltd Web Site" and "VisionHunt Color Edition Support", along with a "...More" link. Underneath is the "iPhone Screenshots" section, showing two columns of app interface elements. The left column lists "Detect Color", "Fast Currency Detection", "Tone Trainer", and "Direction Trainer". The right column shows a similar set of elements, with a dark overlay at the bottom that says "Color Detected" and "Direction Trainer" with a red dot.

Open iTunes to buy and download apps.

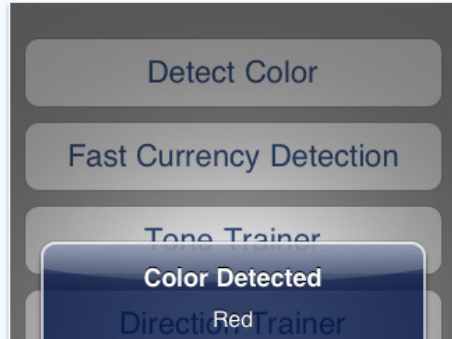

Description

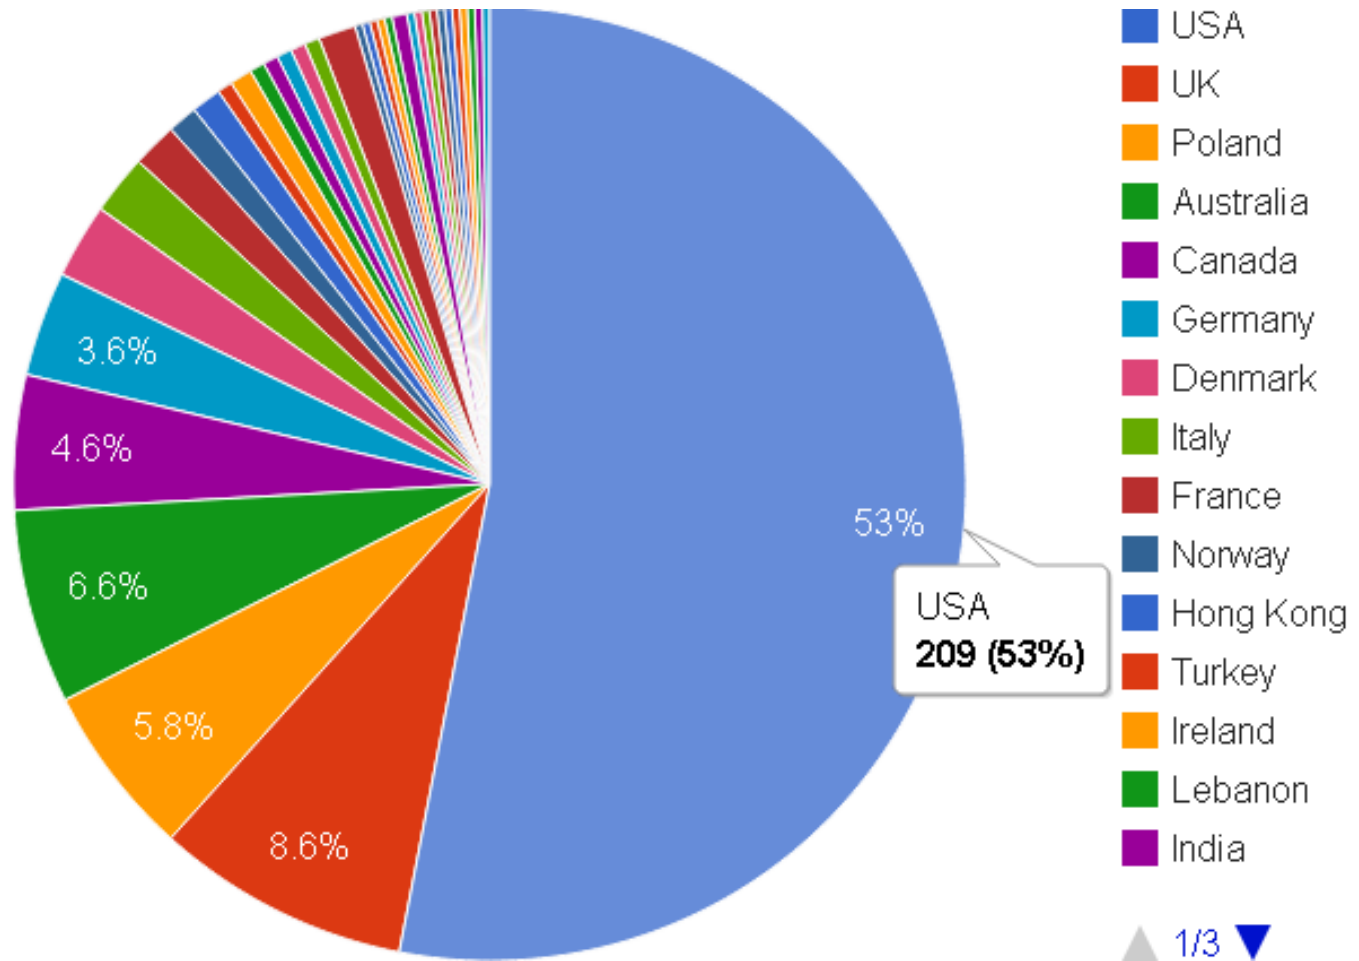

VisionHunt(tm) Color Edition v2.2 is a vision aid tool for the blind and the visually impaired that uses the phone's camera to detect colors, paper money and light sources. In brief, VisionHunt identifies about 30 colors. It also detects the 10 Euro and the 10 Dollar bills as a trial functionality for the paper money detection. Finally, VisionHunt detects
